

Previous innovations vouchers:

SIGMA Research and Development Institute, s.r.o. - Application of nanoparticles for technical modifications, value of the contract 190 000 CZK without VAT, subsidy received 142 500 CZK, costs for the company 47 500 CZK

DURST VJV s.r.o. - Verification of the growth and yield growth of crops by pickling and leaf application of growth promoters Galleko, the value of the order 199 999 CZK without VAT, the subsidy received CZK 149,999, costs for the company CZK 50,000

SVP - production services sale s.r.o. - Ozone technology for disinfection and sterilization, 196 000 CZK without VAT, subsidy received 147 000 CZK, costs for the company 49 000 CZK

GALVA s.r.o. - Innovative solutions for alloy coatings and Zn layer thickness, value orders 198 000 CZK without VAT, subsidy received 148 500 CZK, costs for the company 49 500 CZK

EGT system spol.r.o. - Testing of biological efficiency and yield potential, Stimulators of the Energen range, value of the contract 199 999 CZK without VAT, subsidy received 149 999 CZK, costs for the company CZK 50,000

CENTER OF HYDRAULIC RESEARCH spol. s.r.o. - Usability of metallic 3D print for production of prototypes, value of contract 195 000 CZK without VAT, subsidy received 146 250 CZK, costs for the company 48 750 CZK

AMALGEROL CZ s.r.o. - Testing the bioavailability of selected company products

Amalgerol CZ s.r.o. and their yield potential in field crops, contract value 199 999 CZK without VAT, subsidy received 149 999 CZK, costs for the company 50 000 CZK

K-PROFI spol. s.r.o. - Design of control and administrative software for lighting control body based on LED, contract value 199 999 CZK without VAT, subsidy received 149 999 CZK, costs for the company CZK 50,000

NanoTrade s.r.o. - Metallic and non-metallic equivalents of existing nanomaterials with biocides effect of the order 196 000 CZK without VAT, subsidy received 147 000 CZK, costs for the company 49 000 CZK

GEOCENTRUM, spol. s r.o. Surveying and Design Office - Web Development of a map client for the passportization of the municipality, the value of the contract 199 000 CZK without VAT, acquired subsidy 149 250 CZK, costs for the company 49 750 CZK

TRYSTOM, spol. s r.o. - TRYSTOM M269 infusion dispenser, order value 194 753 CZK without VAT, subsidy received 146 065 CZK, costs for the company CZK 48 688

OIChemIm s.r.o. – Improving the efficiency of the process of preparing labeled standards, the value of the contract 193 419 CZK without VAT, subsidy received 145 064 CZK, costs for the company 48 355 CZK

NEW ENERGY s.r.o. - Characterization of stability of colloidal dispersions of vitamin C, value contracts 199 999 CZK without VAT, subsidy received 149 999 CZK, costs for the company 50 000 CZK

FAGRON a.s. - Development of active substance with antioxidant effect for cosmetic purposes, value contracts 199 197 CZK without VAT, subsidy received 149 398 CZK, costs for the company 49 799 CZK

NET UNIVERSITY s.r.o. - Survey on the use of school information systems and e-learning in education in the Olomouc region, the value of the contract CZK 131,000 excluding VAT, subsidy received CZK 98 250, costs for the company CZK 32 750

MS TECHNIKA PRO s.r.o. - Analyzing potential customers and strategies, effective targeting for existing and potential customers, contract value CZK 89,000 without VAT, subsidy received 66 750 CZK, costs for the company 22 250 CZK

GLASS SERVICE a.s. - An optical endoscope for a glass melting and status monitoring of internal parts of glass furnaces, value of contract 191 926 CZK without VAT, subsidy received 143 945 CZK, costs for the company CZK 47,982

VATRANS Zlín v.o.s. - Development of a laser welding process monitoring system, value contracts CZK 198,066 without VAT, subsidy received CZK 148,550, costs for the company 49,517 CZK

SMARIS s.r.o. - Measurement of conductivity of liquids, value of order 198 213 CZK without VAT, obtained subsidy CZK 148,660, costs for the company CZK 49,554

LITOLAB, s.r.o - Monitoring of Selected Drugs in wastewater and surface waters, value of the contract 198 500Kč without VAT, subsidy received CZK 148 875, costs for the company 49 625 CZK

TRISOL, s.r.o. - Effect of application of combined growth stimulators on selected agricultural crops to their morphological and yield parameters, contract value 199 999 CZK without VAT, subsidy received CZK 149 999, costs for the company CZK 50 000

ATEMA SYSTEMS s.r.o. - Administrative and control software design for lighting control units with fuzzy regulation, contract value 199 999 CZK without VAT, subsidy received CZK 149 999, costs for the company CZK 50 000

CHEMAP AGRO s.r.o. Verification of the effect of growth promoters and micro - nutrition on cereals using the research capacities and equipment of the UP in Olomouc, the value of the contract 199 999 CZK without VAT, subsidy received CZK 149 999, costs for the company CZK 50 000

HOPÍ POPI, a.s. - Enhancement the durability of paper-based packaging contract value 199 000 CZK without VAT, subsidy received 149 250CZK, costs for the company 49 750 CZK

ÚSOVSKO a. S. - Development of method of extraction of small peptides from barley wheat value of the contract 199 684 CZK without VAT, subsidy received CZK 149 763, costs for the company 49 921 CZK

EKOPROGRES HRANICE, a.s. - Utilization of metallic iron nanoparticles for thickening sludge in water treatment plants, order value 199 999 CZK without VAT, subsidy received 149 999Kč, costs for the company 50 000 CZK

REDAM, spol. s r.o. - Analysis of 1.3 DMAA, value of the contract 194 500 CZK without VAT, subsidy received 145 875Kč, costs for the company 48 625 CZK
